

Pageant Bow

Measure and cut 26" of 1.5" ribbon
5" of 1.5" ribbon

Fold your 26" piece of ribbon in half so that both ends meet. Cut the ends on an angle.

Lay your ribbon down flat in a snake pattern, make sure your ribbon tails are going in the opposite direction.

From right to left begin picking up your ribbon and pleating it as you go along until you are done.

Take a piece of wire and wrap it around the center a few times to secure it nice and tight.

Put your bow aside.

Take your smaller piece of ribbon and tie it into a knot.

Wrap this knot around your bow and secure well with your wire.
